

**PUBLICATIONS OF THE
OKLAHOMA BIOLOGICAL SURVEY**

CALL FOR PAPERS

The Oklahoma Biological Survey is pleased to announce the return of the *Publications of the Oklahoma Biological Survey*. Last published in 1933, this series facilitates publication of high quality, externally reviewed articles concerned with the biota of Oklahoma and adjoining regions. The series is focused on biogeography, ecology, and systematics and will be published at irregular intervals. *Publications of the Oklahoma Biological Survey* will be distributed to regional libraries in hard copy format and available electronically as *pdf* files on the series website.

Manuscripts must be received by September 1, 2004 for consideration for Volume no. 6.

Direct all correspondence and submissions to:
